- Load your web browser and navigate to: cat.eduroam.org and select the University of Wolverhampton from the top right
- Follow the prompts to download the ONC file and remember where you save this
- In Chrome navigate to: chrome://net-internals/#chromeos
- Select "Choose File" and pick the ONC file you previously downloaded Please note there will be no confirmation
- Now disconnect from wolfradiolan and select eduroam
- The Server CA certificate will start "UoW..."
- Under Identity enter your student number followed by @unv.wlv.ac.uk for example: 1234567@unv.wlv.ac.uk
- Enter your IT Account password. This is the password you use to logon to a University PC
